Graphic Design Computer Programming Interaction Design

Profile

I am a very hard working person and able to work individually or in team. Fluent in English and Khmer. I am specialized in Graphic Design, Computer Programming and Interaction Design. I am a quick learner and willing to learn many things especially about technology.

I am also a very punctual person and would like to finish my work ahead of time. Creativity and effectiveness are two major elements from my perspective. My highest priority is to make significant contribution to the company that I work for.
