SUMMARY

University design student looking to learn from the best in digital design

US/Canadian dual citizen interested in gaining exposure to the creative process and real-world UI and UX design challenges. I'm naturally curious, resourceful and dedicated with a passion for user-centered design.

EXPERIENCE

Hero Digital

Production Designer
Aug 2021 - Sep 2021

Supported a global technology company prototyping an unreleased software product. Engaged with leads to execute and then optimize the legacy process. Collaborated with the team to ensure a thorough and efficient QA process.

EDUCATION

Simon Fraser University
*School of Interactive
Arts & Technology*

Vancouver, BC

Bachelor of Arts with
concentration in Design.
Anticipated graduation 2023

Westmont High School
San Jose, California
2014-2018

UX design

Tinkering with user flows and optimizing user experiences. Would like to learn much more.

Sketch and Figma

Love the simplicity, flexibility and power of these programs.

Photoshop

I'm comfortable with designing and manipulating photos and screens within the program.

HTML/CSS

I am proficient with HTML and CSS.

Tech trends/research

If it's happening in tech, I dive in. I like to stay ahead of the curve, and I can help you to do so too.
